Masterclass: DNA CPR Decision Making

Introduction

St Josephs medical team are experts in DNACPR decision making. This Masterclass will give a summary of the historical, legal and ethical aspects. We will then share our decision-making framework, based on national guidance. The majority of the course will be dedicated to putting this framework into practice with communication skills facilitators and professional actors.

This masterclass will give you a fantastic opportunity to develop a structure for making difficult CPR decisions and practice communicating these to patients. Our unique course includes the use of experienced actors to place you and your colleagues in real-life and impactful situations.

Audience

GPs, Community Matrons and District Nurses

Venue

The Education Centre, St Joseph’s Hospice, Mare Street, Hackney, London, E8 4SA
